

# Homework

CupcakKe

Hurt a bitch by any means, my circle tighter than skinny jeans  
Here you go, here go a diamond ring  
I'm good, go invest that in bigger things, cause that's not me  
A bitch if I like yo nigga pic  
Shorty better hurry up with it and block me  
Before I send him a nude to hang up in his room  
While I let him hit it like hockey  
This that real shit, I turned down three deals bitch  
And I'm still lit, I get it bussing like field trips  
I pop off, no pill bitch rap hoes wanna steal this  
I drop greatness, then I let the people tell  
Then it make more noise than jingle bells  
I come around they like, "ugh, what's that smell?"  
Bitch money, oh you broke, you can't tell  
I forgot, for this to be a intro, it's hot  
I always got the floor like a mop  
I'm tired of being alive, but no I'm not  
Type to make your whole career flop  
Bitches mad that I stand out  
With no features or handouts  
I bring a lot to the table, no record label  
I'm fucking stable at 19, so don't try it  
I just give the streets some excitement  
I made 50K in 50 days while you on Instagram teeth whitening  
I went from PB&J to eating five pepper steaks  
I'm on now, so now they phone work  
Before you judge bitch do yo' homework  
I'm the man!

We 'bout to get into a fucking classic  
You might wanna getcho' popcorn for this one  
It's finna get real
