

# Interruption

CupcakKe

I'll fuck around and throw hail it's not a empty clip I got shells  
Won't be a epic fail sick of motherfuckers give me ginger ale  
Shorty pump yo breaks fo' I jump that gate  
So you should just pass the paper  
That other shit we a tackle later  
Only how you know you getting real money  
When you pulling out a calculator just to add it up  
Got him mad as fuck bitch don't act drunk  
Mama raise no punk, give a pair cause I'm finna get payback  
You see me cover yo face like a Arab  
Cause I'm at cho head brain cells finna spread  
And my fist won't stop 'till this bitch turn red  
These niggas so bitter they Debo on Twitter  
Might lay a nigga down like he just ate dinner  
One by one they keep dropping  
Don't need no chair to get it rocking  
Knock knock who's there? Better use a peephole as a option  
Only if you wanna be safe so many guns I'm a disgrace  
Keep it brief if the money ain't the case  
But if it is throw it in a briefcase  
Try angels if you trying to keep them squares out yo circles  
That's three shapes, situation need to be addressed [?]  
Then I'm a show up to yo address  
I play a heavy part in these streets, but no I'm not a actress  
Just hush get that ass rushed if you say too much  
Now you getting touched, I carry bodies out like a clutch  
But not going to no fucking brunch  
Murder scene look so disgust, but I did it like its a must  
Turned the body to a pile of dust because I let it burn like Ush  
Get so much hate cause I got a lot on my plate  
You can tell by my weight I went from shelters to flying delta  
Now I'm on a stage in another state  
I'm 100 that I'm past ready I'm sauced up no spaghetti  
You hang in a clique that's dumb ass shit that's Ed, Edd, n Eddy  
Y'all washed bro, just stop bro  
Motherfuckers doubted me and now they shocked bro  
Cause I kept giving them the unexpected  
Like mother nature in Chicago  
Stop trying to treat me like the outcast  
When yall be watching me more than Comcast  
Y'all old ass hell and broke ass hell  
In the basement living with cho' Mom ass  
I get slut shamed for the sex songs  
But yo nigga up my ass like wet thongs  
I line the chopper up then mess yo lining up  
Now everywhere you go you need a hat on  
They like "Oh my God, she should be ashamed"  
But I'm on every bitch account like a username  
Now y'all can get back to doing nothing  
And I'm sorry for the interruption
