

Jesus

CupcakKe

People try to put me down like a coffin (It don't work often)
Because I don't go to church often
I try to follow everything you do
So do that mean that I'm stalking?
So gracious, so patient with me (You are)
No playin' out, prayin' for me
I admit it, I committed some shiesty sins
But I'm attached to my God like Siamese twins

Hallelujah, hallelujah
Hallelu-hallelu
Hallelujah
Hallelujah
Hallelujah
I, I, I, halle-Jesus

Jesus, Jesus, Jesus
I am a believer
Jesus, Jesus, Jesus
I am a believer

You hear me when nobody else do (All day)
Can talk to you till my face turn blue (All day)
Doing my best just tryna progress
You kept me safe while in the projects
I read that Bible now Jesus Christ my idol, yeah
I read that Bible now Jesus Christ my idol, yeah
I read that Bible now Jesus Christ my idol, yeah
I read that Bible now Jesus Christ my idol, yeah
Thankful it ain't gotta be Thanksgiving
I'm blessed right now cause things could be different
It's the little things that count like praying over my food
Or thank you for my blessings and keeping my day smooth
You 100 times stronger than the Incredible Hulk
When you died for our sins wouldn't be up on that cross
So much serenity around the trinity
And all I could ever do is love you till infinity

Hallelujah, hallelujah
Hallelu-hallelu
Hallelujah
Hallelujah
Hallelujah
I, I, I, halle-Jesus

Jesus, Jesus, Jesus
I am a believer
Jesus, Jesus, Jesus
I am a believer
