Shove down the dick so my tonsils rip

Under the table I'm giving head while he eating cornflakes
Cause my job ain't done if that nigga still awake
Nigga moan so much I fuck him with duct tape
I'm 18 but got a tight pussy like I'm 8
Coochie stay waxed so I ain't never got to comb her
Fuck a nap time I'm fucking you into a coma
Give you the best sex, swallow yo dick
Hope it don't stick out the front of my neck
Pound pound I like to get cracked real hard
So excuse me sir if my pussy fart
To make my thighs shake like jello
I need a dick longer than a eggroll
Show you a different 69 that no one knows
Like I'm sucking yo toes while you eating my butt hole
He done busting but I'm sucking until he pee
I suck dick like a granny like I don't got no teeth

Shove down the dick so my tonsils rip
Shove down the dick so my tonsils rip
Circle my tongue all around yo tip
I said shove down the dick so my tonsils rip
Shove down the dick so my tonsils rip
Shove down the dick so my tonsils rip
Circle my tongue all around yo tip
Shove down the dick so my tonsils rip

He was like oo-wee, oo-wee
Oo-wee, oo-wee

Nobody call my phone after nine o'clock
Cause I'll be giving topnotch top
Hopping on that dick like hopscotch
He love to get inside cause the box hot
You know the pussy good when he kicking off his socks
Ain't got time to stall, let me massage yo balls
Pussy made him scream cause it ain't got thin walls
Pull his dick out the hole of a bagel
Then suck, then get anal while I'm watching cable
Then move and groove slow while I'm nude
Gotta put a bib on when he put the dick between the pool
Cause I drip so much slob on the cock you know
Give you what you want like we on The Oprah Show
Niggas chase to taste but I don't never run
Make that cock disappear that's kidnap cum
Yo dick is my bullets let me get you stung
Wrap my lips around that thang like a hot dog bun
I'm a hoochie with the coochie
Hoochie with the coochie
Hoochie with the coochie
Hoochie with the coochie
Dick fatter than Peter Griffin and the head bigger than Stewie
