

Lemon Pepper

CupcakKe

I want my pussy hole stretched like the hoops on Nunu
Open up the box like a nigga got new shoes
She want that foreplay so I'm dressed in tutus
And the pussy so tight feel like you're fucking a froot loop
I get up on the dick, do a split, then ride slow
Mouth stuffed with meat like I just ate a gyro
This ain't my Lil Baby but I'm with him like Ralo
I'm just milkin this nigga
This a fullblown cowshow
I don't let 'em run trains but I let 'em pull my tracks
Do it doggy style while I eat some Scooby Snacks
Might take a nap, make him eat it from the back
Said he don't do drugs but his tongue in my crack
Let a dick hop, call Mona
Legs boutta spread like Corona'
Piss all in his face he get a boner
Lookin' like a Simpson now he Homer
Dog ass nigga, crib like vacation
He own so many spots, he 101 Dalmation
He ain't got a bitch who give a fuck if he taken
He about to risk it all
No bracelet
I'm rubbin' on my pussy while he lickin' my tits
Dine in the pussy like you at Ruth Chris
I'll make you disappear but I'm creating a bitch
He callin' 9-1-1 reporting his missing dick
And I almost got evicted cause you know my walls tight
Neighbors heard me yelling, "Daddy fuck me all night!"
50k up in the mall, nah we don't ball like
Designer everything bitch, even my cum Off White
I suck his dick, he look down telling me I'm great
Eight rounds, turn a bitch throat to Kate Plus Eight
I put the balls in my mouth
I'm like hold up, wait
Man this ain't how this shit 'sposed to taste!

I need some lemon pepper and mild sauce on that dick
Lemon pepper and mild sauce on that dick
If your dick taste plain, then I'm throwing a fit
My pussy only taste like water cause you thirsty as shit!
I need some lemon pepper and mild sauce on that dick
Lemon pepper and mild sauce on that dick
If your dick taste plain, then I'm throwing a fit
My pussy only taste like water cause you thirsty as shit!

Sixty-nine while I'm handcuffed, we call that Snitch-Nine
Stand up bitch but my tits they sit fine
Bushy ass dick, cut it down on his time
Look down while I ride
Seeing trees like zipline
Ice cubes on nipples, he like to stare at
Ride him so long, said "Are we there yet?"
His face the throne, that's where my chair at
If his tip lookin tiny, T.I
I might air that
Bomb bitch like a Lush bath
Throw it the fuck back

Ain't waiting on no dick
Better give me that rush pass
His tongue gotta workout
Take that dick in my lunchbag
The pussy thicker than Steve Harvey mustache
Nigga pipe down, let's get this shit understood
Gone through the money
Not my asshole, nigga I'm good
Boxing on your wrecking balls, Miley wishes she could
Knocked his balls out the park now that dick on Tiger Woods
Good ass pipe got me a new
Plumber
No veggies, but daddy I am a
Cute-cummer
I open my legs to suffocate that dick
But first off, I gotta tell that nigga straight like this

I need some lemon pepper and mild sauce on that dick
Lemon pepper and mild sauce on that dick
If your dick taste plain, then I'm throwing a fit
My pussy only taste like water cause you thirsty as shit!
I need some lemon pepper and mild sauce on that dick
Lemon pepper and mild sauce on that dick
If your dick taste plain, then I'm throwing a fit
My pussy only taste like water cause you thirsty as shit!
