

Post Pic

CupcakKe

Let me hit the same pose
Pussy deep, sinkhole
See my pic, won't scroll
Watching me, episode
Breaking up a happy home
If he see me in a thong
I post a pic and he moan
You better step on his phone

Screenshot so much his button got stuck
Ripe ass bitch, he don't give no fuck
He go to the clinic to check his blood
Masturbating to my pics, he don't pee in a cup
Drop a comment with emoji of an apple
My pics on every nigga phone like the apps, so
I got the juice, bitch, I got the snapple
Only big ballers I might let tackle (give me that money)
Say you get paper, oh wow
There must be no paper towels
Wiping your dick from that drown
Been staring at pics for a while
Nigga wanna tweet me
In my DM's, sneaky
Sending dick pics that's the size of my pinky
I'm too kinky, you can't please me
Can't double tap it 'cause your hand's too greasy

Bitches scrolling through my likes
To see what they nigga might like
Multiple message he sent (he did)
That's how you know I'm his type
I'm not trying to be your wife
Don't even want you for a night
Not posing in no dirty mirrors
So hire a mate to come wipe

Fuck a WCW, take me off your page
I got no love for you
Pic so cold, got your phone froze
Now you need a mother, mother
Motherfucking troubleshoot, damn
I'm loving this view, let me take a pic
Right here, need a few, damn
That one was cute
But gotta take it over 'cause the wind just blew
My shit gotta look like profession
My shit gotta get them erections
My shit gotta look like I'm up in the church
And I'm handing out so many blessings
My pics gotta have 'em distracted
My pics gotta snatch off they edges
My pics gotta look like I'm 'bout to go
On the cover of the magazine 'Essence'
