CupcakKe

Nothing tacky 'bout my acne  
The inside the most attracting  
Hair ain't really that nappy  
If I stop comparing this to Yaki  
Been walked over so much  
Now when I meet someone I act rude  
They always ask if my tats hurt  
But the hurt why I got tattoos  
Always tell myself it's a big difference in being alive than living  
It's funny how a girl with a fat ass  
Can get more comments than a hurricane hittin'  
No gas station around and you still push the car  
That shows you driven  
And most people already skipped this song  
'Cause it ain't about sex and killing

Self interview  
Why the fuck do I do the things that I do?  
Self interview  
Why I fuck him the moment I see that he's cute?  
Self interview  
How the hell is my life more shitty than a zoo?  
Self interview  
Ain't none of these asks are from Yahoo!

(I look in the mirror  
And I gotta ask myself  
Am I staying true to me?  
I just wanna know)

Females have sex on the first night  
They got called a hoe for that one night stand  
Men have sex on the first night  
"Congratulations, you got 'round her bands"  
Most wouldn't comprehend  
Double standards need to end  
It's a list of shit I could name  
But it ain't enough ink in this pen  
Spent three hours on makeup  
With my face covered like peek-a-boo  
Old-timey with another girl  
With good cheekbones like Pikachu  
Back then we had lipgloss and some overalls, that's the usual  
Nowadays I gotta show skin and wear sew-ins to feel beautiful

(I see people on the gram posting 4k  
Be the last person to donate  
I'm hoping I never be that, you know?

Never change for the fame, stay me)
