Cupid

Cupid  
Jarvis Jacob  
([?] you feel like)  
You love chocolate? I love me some chocolate  
Yeah ([?])

I love chocolate  
I love chocolate

Ooh, I can't get enough  
Candy coated rain drops sent from above  
I'm falling in love with the taste  
It's written all over your face  
And you know that I got a sweet tooth  
Can I get some of that cake?  
You can get some of this cake

It's the skin for me  
Dark chocolate, white chocolate  
And everything in between  
I'm talking 'bout chocolate covered cherries  
Champagne, strawberries  
Girl, you know what I love, oh yeah

I love (I love your chocolate) chocolate (chocolate, I want your chocolate)  
I (your chocolate) love (I love your chocolate) chocolate (that chocolate, I  
want your chocolate)

You taste like my favorite flavor  
Girl, I want seconds and thirds  
I wanna be the one that get on your nerves  
You're sweet like a diver  
Ooh, I love your brown skin  
[?] mahogany, you know I need another piece  
So baby come and break me off

[?] never too much with you  
I never get enough of you  
Never too much, never too much  
Girl, I need one more slice tonight

Girl, I'm on the Milky Way  
Missed the good part, got a sweet tooth today  
So tell me what you wanna play  
Or we can just skip the games  
'Cause anything goes in my chocolate factory

I (oh, I love) love (come give me some chocolate, baby) chocolate (girl, you  
know I want some)  
I (girl, you know I love) love (love your chocolate) chocolate (I love your  
chocolate)

I love your chocolate  
In this sunshine  
I know I love  
Tastes so good to me  
I love your chocolate

Girl, I love your chocolate

I (oh, I) love (yes, I love) chocolate (girl, you taste so good, taste so good, something about your skin)

I (yes, I love it) love (oh, I) chocolate (yeah, yeah, yeah yeah yeah yeah yeah yeah yeah)

I love it, I love your chocolate

Girl, you know I love, I love your chocolate

And bring it home to me, baby, so good to me

Baby, give me all your chocolate [?] I gotta have it babe, hey

I (so good to me) love (I can't get enough, that caramel) chocolate (can't get enough, your chocolate, babe)

I (that skin) love chocolate (I just can't get enough, I just can't get enough, hey)
