She might be thicker than a snicker, hey  
Caramel flavor, girl  
Chocolate vanilla, alright  
Mix it together, come on  
Call her my candy swirl  
She just might be a good diver  
The finest chocolate around  
Sweeter than popcorn candy  
Sweet and golden brown

She said they call her M&Ms  
And I couldn't understand  
The reason why they call her M&Ms  
'Cause she melt in your mouth  
Right in your hand  
Yeah, this girl they call her tootsie pie  
How many licks does it take to reach the center?  
Tell me, what's your flavor?  
Chocolate, strawberry, or vanilla?

She the baddest  
Yeah, she got that swagness  
Fire-red lipstick  
Caramel chocolate  
Vanilla strawberry  
Coconut cherry  
Sweet like a peach  
Oh, yeah, she ready
