

Cascade

Curiosity Killed the Cat

It started way underground
And made a reach too find the surface
Mainstream, mountain top bound
Just a routine set for a purpose

If running water don't freeze to ice
There's nothing gonna stop the waves

Cascade, wherever you're guiding me
Carry on and on
Cascade, wherever you're guiding me
Just carry on
And on and on

Whole-hearted in sight and sound
It stays immune to lighting, thunder
It saves me (now I'm safe) because I'm found
Comes across a bridge and it helps me under

If running water don't freeze to ice
There's nothing gonna stop the waves

Cascade, wherever you're guiding me
Carry on and on
Cascade, wherever you're guiding me
Just carry on and on and on and on and on
Cascade
Cascade
It's another cade

Cascade, wherever you're guiding me
Carry on and on
Cascade, wherever you're guiding me
Just carry on and on and on and on
Cascade
Carry on and on
Cascade, wherever you're guiding me
Carry on and on and on and on

You got to be whole hearted when you're shining on
Got to see the people happy with their soul
And it's got to be meaning and it's got to be feeling the in the soul
all naturally
And it's got to meant for the top, for the top, and its worn intentio
nally
Take it under
It's another cade
Cascade
