Trying out new strings
(La Musica de Harry Fraud)

Eastside
Straight up
Upside down check on my head band
Rest in peace Yams
Long live Nip
Pray strength for Black Sam
I got a cold six pack and I don't mean beer cans
Six bad bitches coming to the yard to tan
I had 28 grams of weed and a plan
I came out on top nigga I'm the man
In the drop top mister nice watch
Worked hard for everything I got
Niggas disagree get mad at me and they plot
Tears fall when the beat drop
Ashes fall when the beat drop
I roll joints and hit the booth when the beat hot
Harry Fraud gold bars all we got
Cigarette Boats won the wars
Top shelf nuggets in the jars
This morning' I met her tonight I was in her jaw
I dug her so much said I'll be back tomorrow
My youngin' parked right behind mine with the remote in the car
Fuck with me he'll push pause
Fuck with me he'll turn you off dawg

She don't want me lonely lonely lonely
We go out and get this money cause we hungry

Okay
Big pool in the back because I stack
Big pool in the back cause I built a foundation in case the walls crack
Big pool in the back to see how haters react
Pull it out on saturday that's my latest attraction
She look good when she steppin' out
Always make sure they bring through the right amount
Big pool in the back
Ass look real good when she gettin' out
You get us rich that would be more impressive
Got a mean line of women
About the money they get real aggressive
Working on they own projects
When I give em game they digest
Think forward that's a futuristic mindset
Work you out
When you done make sure that we stretch
Big box full of product we gettin' stacks
Big pool in the back where we relax

She don't want me lonely lonely lonely
We go out and get this money cause we hungry

Harry Fraud gold bars all we got
Cigarette Boats won the wars
Top shelf nuggets in the jars
