What's it all for? Yea

Crosses get thrown
Cliques get torn apart before they even really start getting on
Small change staying in the way of big money
Smoke some with your OG learn something
Wrist froze my soul ice cold, arm yellow gold
And cashed out a couple kilos
Cut my grass low built my fence high cause I that heard snakes fly
Shut your operation down from the inside
Get tapped in the wire before you realize trapping lied
Scramming for dollar signs
You gamble with your life only could lose one time
Shit, is it all worth the risk? Gotta decide before you step into this
Because the game don't wait
Sideways burning rubber cause a nigga paper straight
I got some money put away and got some more on the way
Shit

What's it all for? What's it all for, all for
Money and the power, what's it all for?
Sleeping zero hours what's it all for?

What's it all for? What's it all for, all for
Money and the power, what's it all for?
Sleeping zero hours what's it all for?

Tell you how dollars start a world war
Level 6 Benz coupe armored car
I really been mashing down the Autobon
Worldwide getting of the parmesan
Smoking in the pool with my diamonds on
Ice water what you call it though
She jumped in with nothing on
She know what she want

Money and the power, what's it all for?
Sleeping zero hours what's it all for?
