

Niggas livin' like kings, everything's stacked shut
Hell, yeah, hell, life, hell

Uh, I put your bitch on the blade
Uh, I put your bitch on the blade
Ain't nothin' to me
I put your bitch on the blade
I put your bitch on the blade
Ain't nothin' to me
That boy ain't tryin' to get paid
That boy ain't tryin' to get paid
He pretend to be a peak
That bitch ain't tryin' to get paid
If she was tryin' to get paid
Then she'd be ridin' with me

I put your white walls clean
I'm a hustlin' bitch's dream
She wanna trial for the team
Cause she seals with the rings
Niggas livin' like kings
Stackin' major chains
She out there in the rain
To keep me on day to day

I dropped off at the club
She slid out of my rows
A few hoes she work with
Curious and tryin' to go
Niggas don't know what it feel like to be chose
For a chick to dig you so much
That she won't give you her dough
To keep you cold on the street
So much ice in my gold
I had to sell my Rolex out
Because all the time froze
Landed in a different time zone
Conversation rules the nation
15 minutes got her mind gone

I put your bitch on the blade
I put your bitch on the blade
Ain't nothin' to me
I put your bitch on the blade
I put your bitch on the blade
Ain't nothin' to me
If she was tryin' to be paid
If she was tryin' to get paid
She'd be fuckin' with me
I put your bitch on the blade
Put them heels on her L
She'll be somethin' to see

I put that bitch up on the blade
Like fuck his back page
Old fig pass gage
And drop her in the back lane

Kingsway, mid track
That's where I did my shit at
It's shit rack
Play that bitch a week and get a motel
Leave my hoe a eight ball
She bound to make a coke sale
Real niggas get it only talkin'
Cause I live it
Waitin' for the day that I could talk it
When I lived it like it burn out
Three hoe but this real
Ism I was on my way
To wackos
Headin' down Broadway
Peely's at the park
She get brackin' all in broad day
Hang out for a bit
Politic with my loved ones
Then send my bitch to Vegas
Put my bottom for a real run

I put your bitch on the blade
I put your bitch on the blade
It ain't nothin' to me
I put your bitch on the blade
I put your bitch on the blade
It ain't nothin' to me
That boy ain't tryin' to get paid
That boy ain't tryin' to get paid
He pretend to be a P
That bitch ain't tryin' to get paid
If she was tryin' to get paid
Then she'd be ridin' with me
I put your
