Lames listening to lyin', I'm scrambling for mine  
Every yard count, touchdown hoe, gimme mine  
I shine because I put in time  
Rolexes I done copped 8 or 9  
But my Plain Jane Datejust I really like  
Got the bust down 41-millimeter crazy ice  
Vegas lights, crazy nights, paid a hefty price  
Caught them hoes eyes but my girl was with me, I was occupied  
Bitch you'll have to try to shoot your shot some other night  
Was always fly but wasn't always rich, I grinded for this  
A underground nigga spending mainstream chips  
Money flip, stack, acrobat, driveway like a dealership  
Historical shit, spaceship, miracle whip
