Dependable W-T-I-X New Orleans  
Here's the latest weather

Keep the E in it, Chevy's on switches

Bitch please, catch the breeze  
The yacht came with two speedboats attached  
We don't do them jet skis  
That's a prom date, I'm big paper  
We can travel the world, wine taste, elevate to this level  
All my watches got vodka in bezel  
Scotch tape holding my rap notebook pages together  
Hundred dollar joints, white ashes on Rolls Royce leather  
Material shit, I like having, but I don't cherish  
The lifestyle is a hazard, dawg I just want better  
This lifestyle is a habit, I just want mo' cheddar  
Can't stop, my bank account won't let me  
I'm counting money steady, safe full as fuck, overstuffed  
But I still heard that mo'fucker asking  
"Spitta, when's the last time you fed me?"  
Perpetually hungry stoners, we gon' eat everything  
Fuck is you telling me?  
I know my reputation stepped in this room way ahead of me

If I want it, I'ma get it  
Just as easy as I envision it  
I ain't smoking like like them niggas  
I ain't rollin' what you gimme  
If I want it, I'ma get it  
Just as easy as I envision it  
I ain't smoking like like them niggas  
I ain't rollin' what you gimme

Keep the E in it, Chevy's on switches  
Don't post me in your picture  
If you can keep a secret, we can know the difference, L

I ain't smoking like them niggas  
I ain't rollin' what you gimme  
They ain't on the mission  
Stackin' every penny  
If I want it, I'ma get it  
Just as easy as I envision it  
I ain't smoking like them niggas  
I ain't rollin' what you gimme
