

Yeah  
What, what'd Trippie Redd say?  
Pulled up in a droptop, she dropped dead?  
Something just like that man  
When you got something to show for all that hustle  
When you present that shine  
For all that underground grind  
For all that time you invested  
And they couldn't see that  
And now they see  
Yeah you gotta come through  
You gotta come down on 'em something like this  
(Fendi P coming soon)  
Its easy to do  
Its so easy that its hard  
T.Y. Son of a Gangsta coming soon  
Everybody on the grind  
Everybody on the pot  
Yeah  
Shout out to G Perico  
Shit don't stop  
Eastside on mine  
Just like every time
