We can handle this like Neanderthals  
Or we can get into some player shit  
(Jet Life)

Me and my dogs mashin', in a lowrider  
Like four desperados, in a covered wagon  
Wild, wild West fashion  
Nigga, this here is that jet landin'  
On uncharted grounds, nigga, finna plant my flag in this bitch  
Ownership; rap money buyin' homes  
Opening stores; add to it, multiply, hustle more  
What else you think you livin' for?  
The game is raw; show your young ones how to ball  
Before they run the town, they gotta walk the walk  
Avoid the chalk, the yellow tape, the morgue at all costs  
Cause niggas'll certainly try to take you off to be the boss  
They lost; I been found that out  
Think how heated Black was on the couch  
At the basement of Bundy's grandma's house  
... Game tapes

Uh, still can't look when Rico killed Mitch  
Everyday in the city, you hear the same shit  
All you can do is trust a few  
Stay alert for the weak links in your crew  
That shit'll get you hurt or worse  
Shit real; don't say that I ain't warn you first  
... Game tapes, Game Tapes
