

This my favorite part though  
Ohh shit, haha cause we know we finished

Yep, another month, another take  
I could waste my time with bullshit instructions like, roll som  
ethin' up or pour somethin' up  
But if ya'll fucking with me you should already have it rolled  
up or poured up  
Month six, Fast Times at Ridgemont Fly  
Let my boy just talk for a minute  
(Float on, Float on)  
The Floaters if you don't know  
Don't download it, buy it for real  
Support real music  
I give y'all enough free music  
So y'all shouldn't have to pirate quality music  
Cause I give y'all free quality music every month  
This is month six... Fast Times at Ridgemont Fly

Trademark the Skydiver is at Subway diggin' the sandwiches  
And Mr. Marcelo is sleeping on the floor  
Dickies engineering the sessions, as he always does  
Got his gray doorag on, it's hangin' in the back  
I don't really agree with that, but it's alright I'm not really  
trippin'  
Haha, and he's still upset that the Lakers lost  
And even Brett Favre is fucking with the Jets  
So we don't have too much to complain about  
And I just dropped a roach in the Burger King cup I hope my bro  
ther won't drink from it  
If so, you're screwed  
Fast Times at Ridgemont Fly...
