

## It Starts

Curren\$y

Yeah, yeah  
It's another month, you know what that mean  
Another tape  
Fear and Loathing in New Orleans  
It's a movie  
When I saw the actually name of it was Fear and Loathing in Las Vegas  
Dicky looking at me 'cause he don't my swag right now but I'm full of them trees  
Know what I'm saying, so roll something up like I always instruct y'all to do at the beginning of these tapes if that's what you do  
Pour something up if that's what you do  
Me in particular I don't do that  
I'm high with the Zig Zag papers and the funny tobacco  
Get yourself straight, sit down  
Roll your windows down  
Put your foot on the gas  
Get into it  
I hope you enjoy it 'cause I enjoyed making it  
Fear and Loathing in New Orleans  
See y'all next month, Super Tecmo Bowl  
I'm out
