I'm jamming to Max B, we low in these leather seats  
Yo' hoe wanna be with me and she bold, she don't care who see  
Andretti OG all I smoke in my Rolls  
Represent the NO, light anywhere that I go  
All my jewelry stay froze, wrist cold, ice yellow gold  
Cash flow too thick to fold, stacks like erry show  
In the mode this year, I grab the hustle by the throat  
Sleeper hold, never letting go, you don't believe you'll get shown  
In a six grain coupe, with the brains blown  
Bottom bitch on the wheel, while I stuff up another cone  
You don't believe you'll be shown  
I like your bitch she will be flown in

See what I'm in it for, when I open that Bentley door  
Mink on the floor, the stinkiest O, 28 grams to smoke  
Bitches was lagging on me, but now they want tag along  
Cause they smell the money cologne success in the air  
And the aroma strong, she know what she want  
She know who a don in the game  
She know who a pawn and a lame  
She know who a boss she know who lost  
She know who running things  
Walking the walk and talking that talk  
She know where the G's parked, she recognize all my cars
