Curren\$y

Thousand dollar umbrellas in the dope jams my man  
Coolest nigga on the off land my man  
40 yard dash in soft sand my man  
Laying up with either hand, ambidextrous  
Signing when I get them checks, bitch  
Collect whips, driveway sick  
You should check it various carriages  
I just added to the list my man  
69 Camaro and a Nova that I had to get my man  
Rap money extravagance vacuum-sealed packages  
Madness, ocean growing lettuce and cabbages  
Smoking weed with the baddest one of my good habits  
Sprinkling game on these tracks a nigga so good  
Added your hoes frozen looking at it  
As I drove past with my man  
I got that drive in my eyes they see the passion  
They come to see me in their high ass fashion  
Designer panties get sneered to the side when I'm smashing  
I wore my flooded Cuban for a chain reaction my man  
Bathing Ape sweats neck in pomegranate my man  
Watching Knot's Landing haters can't stand it my man  
They can't box me in because I'm outstanding my man
