

Never Stop

Curren\$y

Yeah...
Damn...
Crazy how much time...
Yeah...Huh

Cold champagne pop, gold chain full of rocks
Rubber band money knots, pray it never stop
We stay on the money route, got the hardest Chevy's out
We was ready, they was not, pray it never stop
Cold champagne pop, gold chain full of rocks
Rubber band money knots, pray it never stop
We stay on the money route, got the hardest Chevy's out
We was ready, they was not, pray it never stop

Watching Bel Air in my house
Bitches naked on the couch
Moonwalking, Gucci socks, tell my woman get a watch
Bust down 'cause it's hot so I brought the ice out
Imma cool on the block, cruise when my top drop
Bullshit we will stop but I know its not
Your new shit just flopped so you going pop
Underground never let me down its all I got
So if I never said thanks let me say it now

Cold champagne pop, gold chain full of rocks
Rubber band money knots, pray it never stop
We stay on the money route, got the hardest Chevy's out
We was ready, they was not, pray it never stop

Watching Bel Air in my house
Bitches naked on the couch
Moonwalking, Gucci socks, tell my woman get a watch
Cold champagne pop, gold chain full of rocks
Rubber band money knows pray it never stop

Didn't do it by myself I did it with my time
Now I got the crew with diamond and my roll a crime
Three cubes of ice in a glass of brown
Let the class begin, Spitta on smash again
To live flashing this you really gotta want it
If you gonna strike it rich
My pinky ring dripping honey on a bitch
Spitta looking like money anywhere I am
23's on hand, brung the beach to the sand
Imma reach in the pan, pull out a lil' piece
Just to feed the whole fam with the aw man
Whole block say you hot been running your mouth
Shooters circling around your house you scared to come out
You don't wanna be the one that the news about
Meanwhile I'm on the lot checking coupes out
Finna test drive see how much the coupe got
I love that, I'm about to pull the loot out

Cold champagne pop, gold chain full of rocks
Rubber band money knots, pray it never stop
We stay on the money route, got the hardest Chevy's out
We was ready, they was not, pray it never stop

Watching Bel Air in my house
Bitches naked on the couch
Moonwalking, Gucci socks, tell my woman get a watch
Cold champagne pop, gold chain full of rocks
Rubber band money knows pray it never stop
