Wraith doors open while its in drive

Rolled her two joints she could smoke during break time  
Pretty bitch getting paid and high that's what I like  
Off to the studio forever pressing the line

Put the grind down fight tooth and nail  
No matter who you think you with  
You all alone in this shit  
Smoke the whole zone fore I dip  
I sent my homegirl uptown to grab the 100 piece wings from Skip  
Bring it to the lab now it's like a strip club  
But I'm making rap  
Visions in attendance

Scoop shorty up I dropped her off at the beginning of the verse  
The shoot was a success she was networking

Order through the bluetooth lowrider swerving  
Gracefully thru the lane Dr Julius Irving
