DJ.Fresh, DJ.Fresh, DJ.Fresh

Huh, yeah

From the crib to the car, from the car to the jet  
To the yacht, and you know I done it all for a check  
Wake up tomorrow morning and I press "Reset"  
Run the play over again like we ain't make enough yet

Styles, I got too many like cars in front my house  
We really hopscotchin', I landed in a Bentley, I got out  
Crackin' jokes in the office, Michael Scott  
Makin' paper on the daily, what it's 'bout  
Hangin' out with them haters, what it's not  
Dropped a new V8 in the '55 drop  
Car talk too much, I walk down these beats  
I ran 'cross that bitch mind so much, her knees got weak  
Money on the line and she felt inclined to pay me  
I'm kinda Jay-Z, I'm kinda Jim Morrison  
Got a Camaro, I'm from New Orleans  
I ride to B.G. and UNLV  
I love Jim Jones and I jam Max B  
Wish they could both get along but that's not how shit be  
Eastside on chrome, I hopped out in these streets  
Can't leave the switch alone, them Chevys talk to me  
They ask me to bring 'em home, hit 'em with that remix  
Batteries in the trunk  
That motion got her seasick  
But it's what she want  
(Seasick, that's what she want)  
(Baby girl grown, leave her alone)

From the crib to the car, from the car to the jet  
From the jet to the yacht, I did it all for a check  
Wake up tomorrow mornin' and I press "Reset"  
Run the play over again like we ain't make enough yet
