Heist in broad day light  
Shattered the glass  
Popped the wheelie on the motorbike  
These hoes was out of sight  
My hitters were close by  
Your shooters was no-shows  
Now your hands been exposed  
We know what you want bro  
Water in the lawn  
Just [?] sharks in the polo bro  
Terror claw, tinder [?]  
Playing fetch with my dogs  
Doing what I say I do in my music  
One of the truest  
Word to see murder, made the law see murder  
Pull up in the newest  
Clouds are the loudest  
Coming out when I open the door  
Its like a smoke bomb exploded  
Not worried about a bitch though  
Its just how much weight that bitch hold  
Is your name ringing in the strip club  
Can you bring us more hoes  
Tryna have the fligheest horses anyone ever rode  
In the stable ran in the race to bring the prize money home
