So I see the setting sun and I get to feeling numb,
Down on that side of town, back where no funks around.
Back where I felt like me and everything you want to be.
Just flows so easily, some i think may call it free,
So cooooooooooooooooooollllldddddd,
So So Coooooooooooooooooolllddd,
I cant believe you coooooooolllllddd
So ooooooooooooooooooooo

[Curren\$y]

Uh, Yea..
As the joint burns, o the point that it stinging my fingers,
Tracks my talk show platform...
Part Phil Donahue part Jerry Springer
Momma come when I bring her..
She go where i send her.
Kept it trill from the beginning
From square 1 maintain square business
Don't concern yourself with my minglin with other bitches
So crafty, mastered the flow Alaska cold,
Silent foot assassin approach.
High when I stroll,
Not even leaving foot prints in the snow...
You know

[McKenzie Eddy]

Can't believe you coooooooollllllldddd
Soo oooooooooooooooooo whooooooaaaa
So I see your face again, back where I've been travelin
Time.. I think it seems, to have its grip on me.
Friends they say they call it for you,
No matter what i offer you.
Cant believe in history, living in this misery.
So cooooooooooooooooooollllldddddd
So So cooooooooooooooooooollllldddd
I cant believe you cooooolllllllllllllddd
So cooooooooooooooooooollllldddddd
