

Space Shuttle

Curren\$y

Every day I'm dressed like I'm going to the awards
Fly as a space shuttle, space shuttle
Nigga be fly as a space shuttle, space shuttle
We up too high to wave to you, wave to you

Straight up, nah homie look straight up
You tryna see me right? Better not be afraid of heights
Spitta Nigga, closet congested
Shoe section with so many selections
Jordan 3 Cements my secret weapon
Dead stock, not bootleg, Nike inspected
Homie, you looking at a fashion detective
Who could spot a fake in a second
Nigo didn't make them Bapesters, you got those on eBay
Bought 'em thirty dollars, got 'em shipped to you next day
I Gulfstream fly already
Filling the tank up with gas on the jet way
Charm hanging from my chain so heavy
Feeling like I'm walking 'round carrying a Chevy
My girl from the UK said say she saw me on the tele
Now she wanna see me in her [?]

Every day I'm dressed like I'm going to the awards
Fly as a space shuttle, space shuttle
Nigga be fly as a space shuttle, space shuttle

Best black skater, yeah nigga proved that
And I ain't gotta say much, girl I'm gettin' stacks

Claiming you run the city, nigga that's bullshit
I turned the whole hood on that skateboard shit
My nigga [?] I shoot them chips

So either way it go I did my thing
Copped that Ice Cream [?], yeah I did my thing
And I don't really play nigga, I get it going
See me on the staircase, nigga I'm steady showing
Out on you fag niggas that think you do it
I'm the king of this shit, nigga I'm the trillest

My jewelry, it will blind you
I'm somewhere in China
Where chicks like to eat, uh, other chicks' vagina
I'm known as a grinder, she's known as a sucker
I don't say much, already know that I can fuck her
She asks me do I love her, I say "Uh, a little
I love the way you suck my dick like a popsicle
Now stop it, it tickles, come on ma, let go"
Stay getting head [?] like a nickel
I'm doper than crystal meth off the Richter scale
Need medicine, my flows kinda schizophrenic
Got the wrapped like ceramic
And I'm the dopest nigga on the planet
You niggas can't stand it, I cruise through your city
Or maybe in a Porsche truck or maybe the Bentley
Your girl coming with me, you niggas so silly
I'm like an orgasm the way these hoes feel me
You feel me
