

The Venture Cup

Curren\$y

(You're a wizard Harry)

Survived them record deals, I'm still here my nigga
By special delivery, like G-Dep and Diddy
I never left my city, other places are pretty
I do travel and visit, but you know where I'm living
Woke up this morning, I thanked God, and then I lit my sticky
I got fresh and stepped to the Bentley
Looking at projections my business partner just sent to me
Positive Energy, only thing they send me
Though I been overlooked intentionally
Still ball regardless my nigga
The largest profit margin, we keep goin' harder
We purchase faster cars to outrun the sergeants and
Probably was starving them, Wille Falcone and them
Spitta, Harry Fraud, John Sparkz and him
Late night driving, a Don, that's him
Literature, firearms in there
The Warning was felt, my nigga its on from here
Serious as the electric chair, no circuits fail

All independent, I don't need no major
Unsigned baby, I ain't seen no papers
Hoes know the deal, bitch I ain't no Captain save-a
Hoes know the deal bitch, I ain't no Captain save-a

All independent, I don't need no major
Unsigned baby, I ain't seen no papers
Hoes know the deal, bitch I ain't no Captain save-a
Palace head to toe, and my denim stay tailored

In the backseat getting high, getting neck from my bitch
In the homey driveway, like I was built for this shit
I'm outside everyday, like I don't never go in
Never forget where I'm from that's why I'm slapping for bent
I know some niggas think I owe em, I don't know what that is
You better get up on your hustle nigga handle your biz
I booked these shows cross country trying to double my shit
Heard he trying to make a million, I said triple that pimp
I'm in the SL5 91 with the tints
Feeling like ay hype, they look at the rims
On the motherfucking wheels, I'm in Harlem with Jim
On the Eastside with Spitta, really rap what I live
Push the Caddy like a boat, I float, we up the coast
Sipping Hi- Tek, I got it from Queens, we do the most
Most niggas lie about it, say that its real
I know it don't stick to the bottom of the bottle like it's supposed to

All independent, I don't need no major
Unsigned baby, I ain't seen no papers
Hoes know the deal, bitch I ain't no Captain save-a
Hoes know the deal bitch, I ain't no Captain save-a

All independent, I don't need no major
Unsigned baby, I ain't seen no papers
Hoes know the deal, bitch I ain't no Captain save-a
Palace head to toe, and my denim stay tailored
