

## Bad News

Current Swell

I was walking home when I got word that you were found  
Was the phone call that came in and it turned me right around  
Oh was it bad news, was it bad news?  
Got me running as fast as I can down St. Albert Avenue

She said that she loves me yeah  
She said that she's scared yeah  
She said that she needs me yeah  
Maybe she don't care yeah

Left me standing out in the rain again  
Jumps into the shower as soon as she gets in  
Oh was it bad news, was it bad news?  
Her friends said that she hasn't been to work in weeks  
Since they found out that she's been using

This ain't easy yeah  
She said that she's scared yeah  
She said that she needs me yeah  
Maybe she don't care yeah

Then she called me on the phone  
Said she don't want to do this no more

This ain't easy yeah  
She said that she's scared yeah  
She said that she needs me yeah  
Maybe she don't care yeah
