

## Early Riser

## Current Swell

Break of dawn on the dotted line, every day just like the last  
Morning drive, then we're back at 5, crazy how the time's passed  
Evening breeze, just a second to breathe, just to do it all again  
I keep telling you, I'll take a break, and you keep asking me when

This one is for the early riser  
Put in the work, getting behind ya  
In the morning light I see you shining  
Wanna see your light  
It comes and goes, it comes and goes

We were born, all my friends and I, in an age of opulence  
Always told myself, I'd get it out if I ever had the chance

But you and I fell upon it one spring  
That kept us going, now they think we're all kings  
If I could, I wouldn't change a thing  
I love you, brother, and the hope it brings

This one is for the early riser  
Put in the work, getting behind ya  
In the morning light I see you shining  
Wanna see your light  
It comes and goes, it comes and goes

It comes and goes, it comes and goes

This one is for the early riser  
Put in the work, getting behind ya  
In the morning light I see you shining  
Wanna see your light  
It comes and goes, it comes and goes

This one is for the early riser  
Put in the work, getting behind ya  
In the morning light I see you shining  
Wanna see your light  
It comes and goes, it comes and goes

It comes and goes, it comes and goes
