

Getaway Van

Current Swell

For all those times when you're bent down and busted
You know no one and no one can be trusted
You are all alone
You have no place where you can stay

Wondering around same old places
People you don't know are getting upon in your face
So why don't you leave
Get in my van and will get away

Say that I'm lucky
But I'm just willing
Say that I'm a dreamer
But my dreams I'm fulfilling

Whatever I say I do
I promise you I will succeed now...
And you say that I'm falling
But my jaw stand choking

And you say that I'm funny
But I ain't joking
You say that you promised
But your promise was broken
But if you want I'll pick you up
In my van and I'll take you to see...
How easy it can be to get away...

You're not gonna make it
I just hate to say it
But things don't always go your way
I'm not gonna hold your back
Can't you see that it's not all up to me
I'll pick you up from your very front door
Cause my getaway van always has room for one more
And it's your last chance so you should come with me to see now
How easy it can be to get away!

Get away
And I won't come back, get away
Get away
It's as simple as that it could be to get away
To get away, to get away, get away
Get away
Get away
Nothing at all
Get away
Get away
With out a scratch bump or fall
Get away
Get away
Just get away
