

# Monsters

currents

We're stuck in the same old standstill again  
Sick of waiting for you to feel it  
Always waiting for the next breakdown to begin  
Scared of getting too complicated

What a shame  
Hiding in your shell again  
Bitter, fucked out of better days  
And missed opportunities  
I don't wanna hear that the times are changing  
I'm the same as I've always been  
Why can't you see  
Are you even listening to me?

I am not the one to blame for the monsters we've become  
Get in or get out  
I don't care, but don't waste my time  
Stand by my side or you can move on with your life

Burnt out  
Enslaved I'm left carry a weight that has me  
Worn down  
In doubt I'm left to drown with no oxygen  
Burnt out  
Drain me until there's nothing left to bleed  
Burdened by the chains and too exhausted to run away

I gave you everything  
You spit it back in my face  
It never meant anything  
Left me to swallow the pain  
So much for the dream

What a shame  
Hiding in your shell again  
Bitter, fucked out of better days  
Missed opportunities  
I don't wanna hear that the times are changing  
I'm the same as I've always been  
Why can't you see  
Are you even listening to me?

I am not the one to blame for the monsters we've become  
Get in or get out  
I don't care, but don't waste my time  
Stand by my side or you can move on with your life

You took what you could just to throw me away

I gave you everything  
So much for the dream  
I gave you everything
