

# Sleep Paralysis

currents

Eternal sleep

I'm digging my nails as hard as I can  
Over and over again, ripping the pain from my skin  
Will it ever end?

A drone, no past, no future lost and alone  
I can't even tell who I am anymore  
To shut my eyes and to never be seen  
What the fuck is happening to me?

Between two entities, holding onto the edge  
I don't know how much more I can take before I fall and descend  
Whispering in my ear  
"No one will miss you, just disappear."  
I'm choking on my words, as my body grows numb  
I'm trying to scream at the top of my lungs

Lay me six feet deep in eternal sleep. [2x]

Eternal sleep

Wrapped in soil, soaked in tears, I am a product of fear  
Trapped inside a mind I can't control  
Contorting mind body and soul  
I'm trying to scream  
But no one can hear  
The fears in my head  
That have brought me to tears  
Will it ever end?  
I'm begging on my knees  
Cause I want to believe  
But I'm too blind to see that it's not God but the devil answer  
ing

His hands around my throat and I can't breathe, I cant fucking  
breathe  
I'm screaming  
Lay me six feet deep in eternal sleep
