From the Hips

Cursive

I'm at my best when I'm at my worst
I'm at worst when it's not rehearsed
I don't wanna know the goddamn words
I don't wanna have to spell it out
Don't wanna mumble what i'm trying to say
I wanna scream it from my foaming mouth
Shoot out the lights and ride away

I'm at my worst when I'm at my best
I'm at my best when I'm trying to look
And think and talk and sing and read and write
Like all the rest
We're all just trying to play our rolls
In a play that runs ad nauseam
I hate this damn enlightenment
We were better off as animals, right?

We're at our best when it's from our hips From our hips we don't give a shit It just feels good and that's no sin It's the only way to feel alive The closest thing to being born again And when baby comes it's job well done Roll in the hay, oh roll around the sun

We're at our worst when it's from our lips From our lips we caused a rift, And world has fallen in From babble to ball room brawls Our words have formed a death sentence And I wish that we had never talked Our hips said it all

And I wish that we had never talked Our hips said it all
