

# Drunk For That

Curtis Grimes

I saw you struttin' in with that come and get me grin  
You musta had a little plan on your mind  
'Cause you ain't smiled at me since the day we both agreed  
That it was over we were done and goodbye  
And hell yeah, I noticed that your skirts a little tight  
And cut-up, clean-up to your hip  
I guess he finally did you in, now you're on the prowl again  
'Cause your lips are beggin me for a kiss

But girl you're gonna have to catch me drunk for that  
Catch me sippin and tippin' some long necks back  
A few shots of Cuervo, Jager and Jack  
I'll be crossing the line, laying my guard down fast  
You caught me at a time that I'm sober as a nun  
You know there may still be a chance, but tonight sure ain't the one  
I hate to be rude but it's a simple fact  
Girl your gonna have to catch me drunk for that

You grabbed me by the hand, tried to talk me into dancin'  
When the band fired up your favorite song  
But I know you know better, I'm a fish out of water  
When I'm on the floor and movin' all wrong  
Then you whispered in my ear, we could roll right out of here  
And have some fun before we head on back  
But I ain't falling for what I used to anymore  
Even though you swear there's no strings attached

But girl you're gonna have to catch me drunk for that  
Catch me sippin and tippin' some long necks back  
A few shots of Cuervo, Jager and Jack  
I'll be crossing the line, laying my guard down fast  
You caught me at a time that I'm sober as a nun  
You know there may still be a chance, but tonight sure ain't the one  
I hate to be rude but it's a simple fact  
Girl your gonna have to catch me drunk for that

I better head on home, before I break  
'Cause the way you look tonight I could be  
3, 2, or 1 shot away... hell maybe I should stay

But girl you're gonna have to get me drunk for that  
Get me sippin and tippin' some long necks back  
A few shots of Cuervo, Jager and Jack  
I'll be crossing the line, laying my guard down fast  
Devil's knocking' at my door and girl I know you ain't a nun  
There's always still a chance and hell, tonight may be the one  
I hate to be rude and since you want me back  
Girl your gonna have to get me drunk for that

Yeah girl your gonna have to get me drunk for that

Dammit girl you just got me drunk enough for that
