

My Best

Curtis Grimes

You showed up with your friends here tonight
Hoping everything would be alright
I don't know where it all went wrong
You're the reason I'm singing this song
You wonder why I've been acting this way
To be honest girl it's hard to say
As for you I know you're feeling the same
Hell I'm probably the one to blame

So say it, get it off your chest
So we can lay it, lay it all to rest
Going to make it my last request
As long as you know that I gave it my best

I know we've had our good times
I know we've had our fights
And all the things that I should have said
They couldn't seem to get out of my head
Now you're acting like I don't care
You're killing me with that same old glare
One thing I know is for sure
That I'll break down when you slam that door

So say it, get it off your chest
So we can lay it, lay it all to rest
Going to make it my last request
As long as you know that I gave it my best

And I can't stay the lower count[?]
But in my mind girl there ain't no doubt
You'll see it your way and I'll see it mine
But when it comes to you I lay my heart on the line yeah

So say it, get it off your chest
So we can lay it, lay it all to rest
Going to make it my last request
As long as you know that I gave it my best

I gave it my best
I gave it my best
I gave it my best, my best, my best
I gave it my best
