Curtis Harding

I've heard it all before
There's nothing left to do, but see
I'm down to explore
So let's walk through a fantasy

As long as I'm with you
Then I love it, yeah
Just enough room for two
Then I love it, yeah
Talking 'bout magic
Can't believe it's true
Talking 'bout real magic
It's made between me and you

Hurry to the door
Open up, let me see, yeah
It's not the alcohol
You intoxicate me, yeah

As long as it's room for two
Then I love it, yeah
Just enough for me and you
Then I love it, yeah
Talking 'bout magic
Can't believe it's true
Talking 'bout real magic
It's made between me and you
