

# Freedom

Curtis Harding

Wherever you go, there you are  
Smiling on you from afar  
So lighten your load, your back ain't that strong  
Stay on your road, it won't be too long  
Won't be too long  
Won't be too long

Wherever you've been, it's left behind  
So louden your heart and quiet your mind  
The shackles you wear are papier-mache  
They're not really there, so be on your way  
Be on your way  
Be on your way  
Be on your way

As long as you stay on your road  
You will find freedom  
Doesn't matter where you go  
You will find freedom

As long as you stay on your road  
You will find freedom  
Doesn't matter where you go
