Yeah, it's hot out there man
[?] get it

Lost my mind if I got to go
[?] is getting cold

'Cause I've seen enough of days being cold, yeah
Don't know if I could take much more

'Cause I need a friend (someone help me, please)
I need a friend (lost my shelter)
I need a friend (someone help me, please)
I need a friend (what they say, we can't help ya)

'Cause I've seen enough of days being cold, yeah
Don't know if I can take much more

'Cause I need a friend (someone help me, please)
I need a friend (lost my shelter)
I need a friend (someone help me, please)
I need a friend (what they say, we can't help ya)
