

# I'm With You

Curtis Harding

Thinking about you, babe, I can't get away  
It's driving me crazy  
So many long-lost days out in L.A.  
Making me lazy

And I can't seem to get to you  
Yeah, I can't seem to get through  
So what to do?

I know you want more time, but space is in the way  
With all I've got in mind, I have to leave L.A.

In another time  
In another place  
It's a very big, scary world  
But I'm with you, I'm with you

Thinking about us, babe, I can't break away  
It's driving us crazy  
So many wasted days out in L.A.  
And I mean, looks hazy

But I can't seem to get to you  
Yeah, I can't seem to get through  
So what to do?

I know we need more time, and space is in the way  
With all I've got in mind, I have to leave L.A.

In another time  
Yeah, another place  
It can be a big, scary world  
But I'm with you, I'm with you

I'm with you  
I'm with you  
I'm with you
