

Need Your Love

Curtis Harding

I feel so blue without you girl I need your love
That's why I'm down cause you not around now I need your love
I want you to stay don't go away now I need your love
Late at night when shit ain't right girl I need your love

Though I try
I can't deny
You know why
I need your love baby
I need your love

Can't get enough of your good stuff now I need your love
Don't be late girl I can't wait now I need your love
I'll play the fool just be cool now I need your love
Without getting high girl I can fly now I need your love

Though I try
I can't deny
You know why
I need your love baby
I need your love sugar

There comes a time in every man's life when he's got to have his woman's love
Y'all don't hear me
Bring that bass back in

When I'm about to break had all I can take now I need your love
You make feel oh so real girl I need your love
After the song girl come on now I need your love
I'll play it again until the end now I need your love

Though I try
I can't deny
You know why
I need your love baby
I need your love sugar
I need your love baby
I need your love
