

## Our Love

Curtis Harding

There's a girl in town and word's gone around she's just fine  
So I don't worry my head 'cause I know her heart is tied to mine

The life that we live and the love that I give to her  
Each day it grows more and more I'm sure, it shows  
Well

Our love, is a bubblin' fountain  
Our love, that flows into a sea  
Our love, deeper than any ocean  
Our love, for eternity

Ooh, like someday I'll pray our love will always stay pure  
Ooh, when the world turns around, he holds me down for sure

Our love, is a bubblin' fountain (Ooh-ah)  
Our love, that flows into any sea (Ooh)  
Our love, deeper than any ocean  
Our love, for eternity

And after all (After all)  
The rain will fall (Rain will fall)  
On us two  
But I'll keep movin' on (Movin' on)  
But I been strong with you  
Ooh

Our love, is a bubblin' fountain (A bubblin' fountain, yeah)  
Our love, that flows into the sea (Flows into the sea)  
Our love, deeper than any ocean (Ooh-oooh, ooh-oooh)  
Our love, for eternity  
Well

Our love  
Our love  
Our love  
Our love
