

Till the End

Curtis Harding

See I was pissed at you
Now here's what I'm gonna do
Remember all the good times that we shared
If we can work it out
Girl there is no doubt
That we can be together still till the end

Cause you are my best friend
Till the end, till the end
Till the end, till the end

I'll be on my way
But I'll be back someday
To pick up the pieces baby that we made
And it would be a crime
To let it steal our peace of mind
I know our debt to love has been paid

Cause you are my best friend
Till the end, till the end
Till the end, till the end

I'm gonna tell you right now baby
Whatever the fuck you do
That shit drives me crazy darling
But we're gonna see this through

So don't run away
You have to stay and play
Remember the vow that we made

Cause you are my best friend
Till the end, till the end
Till the end, till the end
