

Hooray For Love

Curtis Stigers

Hooray for Love
Let's give it three hardy cheers
Hooray for Love
Hooray for Love
Let's give it three hardy cheers
Hooray for Love
Feelin' better than I've been in years

I used to give love 2 thumbs down
I'm all raves since you been around
Funny what a pair of eager lips can do

Hooray for Love
There's a feeling in the air like Spring
Hooray for Love
I've got a crazy little urge to sing, sing, sing

I've never been lucky in love before
But I hit it big when you walked in the door
And threw your arms around me, wonderful you.

She took my heart and broke it
Made me want to lock it away
But you built a fire and stoked it
Down in my soul-
Burning Out of control

Hooray for Love
The sweet, sexy and sublime
Hooray for Love
You found me just in time
I was all ready to be a monk
Down in the dumps in an awful funk
Now I'm shouting to the stars above
Hooray for Love!
