

## Better

Curtis Waters

I hope I get better one day  
Maybe then you wouldn't run away  
Hope you listen to this some day  
But I doubt your feelings would change  
I hope I get better one day  
Maybe then you wouldn't run away  
Hope you listen to this some day  
But I doubt your feelings

I might've made all the mistakes  
I wanna be someone new  
I wanna be someone different  
I wanna be there for you  
I might've made all the mistakes  
I wanna be someone new  
I wanna be there for you  
I wanna be there for you hey  
I might've made all the mistakes  
I wanna be someone new  
I wanna take care of you  
I might've made all the mistakes  
I wanna be someone new  
I wanna be there for you  
I wanna be there for you hey

I hope I get better one day  
Maybe then you wouldn't run away  
Hope you listen to this some day  
But I doubt your feelings would change  
I hope I get better one day  
Maybe then you wouldn't run away  
Hope you listen to this some day

Do we still got time  
Can we make this work  
Honestly still think you're worth it  
My mind might go berserk  
You make me feel like a burden  
You might think I'm the worst  
Tell your friends I'm an evil person  
Tell your friends you got better options  
You're acting like you're not hurting inside  
We both are hurt  
I wanna be with you before the dirt  
Tall pedestal I put you first  
Shit hit the ceiling and the feelings burst  
I write like all my verses  
So, your friends ask if you heard  
You'll call me it'll all be perfect  
You'll love me I have rehearsed it

I hope I get better one day  
Maybe then you wouldn't run away  
Hope you listen to this some day  
But I doubt your feelings would change  
I hope I get bet-  
I hope I get better one day

I hope I get bet-  
I hope I get better one day  
I hope I get bet-  
I hope I get better one day  
I hope I get bet-  
I hope I get better one day  
I hope I get bet-  
I hope I get better one day  
I hope I get bet-
