

# BIRTHDAY

Curtis Waters

Called you on your birthday now (Do-do-do)  
Called you on your birthday now (Do-do-do-do-do)  
We'll fall down sometimes (Ooh)  
Make it out alive (Do-do-do-do-do)

Waking up, I looked in the backroom  
Waking up, I feel like the latest bloom  
Losing sleep reminds me of losing you  
After all, it's eight in the evening  
Sunset's over and I'm believing  
All my friends have got to feel like this too

Called you on your birthday now (Do-do-do)  
Called you on your birthday now (Do-do-do-do-do)  
We'll fall down sometimes (Ooh)  
Make it out alive

(Yeah, yeah, yeah, yeah)

Backtrack to feel it  
Backspace, delete it  
Backtrack to feel it on my own  
Backtrack to feel it  
Backspace, delete it  
Backtrack to feel it on my own

Backtrack to feel it  
Backspace, delete it  
Backtrack to feel it on my own
