Conceited

Curtis Waters

(Good job, Curtis!)
Yeah-yeah-yeah

We spoke, every evening
We joked while we're dreaming
One day you gon' leave home
You won't need me
Now you act like you don't even know me at all

Girl, you're so conceited
Act like you don't see me
You know I'm the reason
You showed up this evening
Every single weekend
Treat me like a reject
Girl how could you
Act like you don't know me at all?
(All, all, all, ooh, ooh)

Once-once-once, once you see me on that TV
Don't you ever come back
APC Jeans, platinum CD's
Course I'm counting up sta-acks
Look like Phoebe, Disney PG
In my superstar bag
And I never pay for my flights
(It's free! Ooh, ooh)
Made a mili, dancing silly
Paid my momma all back
All my homies, yeah, they know me
Been through hell and back, hey
Since a shorty, this was for me
Can't get me outta my track
All you motherfuckers can die (Yeah)

We spoke, every evening
We joked while we're dreaming
One day you gon' leave home
You won't need me
Now you act like you don't even know me at all

Girl, you're so conceited
Act like you don't see me
You know I'm the reason
You showed up this evening
Every single weekend
Treat me like a reject
Girl how could you
Act like you don't know me at all?
(All, all, all)

Girl, you're so conceited
Act-act
You-you, oh-oh, oh-oh
Act-act
Act, oh-oh, oh-oh
Act-act

Girl, girl
Don't, don't, don't know me at all
