

Freckles

Curtis Waters

You lean on me when you're feeling alone and need some company
You call on me, lay on your lap, I sleep so comfortably
Skip class again, just talk all night, yeah you're the one for me
Skip class again, just talk all night

Freckles on your face
Your soft cheeks, they shining
Band-aids on your arm
Your scars they remind me
All that you've been through
But you're still here smiling
I think you're so cool, yeah
I think you're so cool, yeah

Freckles on your face
Your soft cheeks, they shining
Band-aids on your arm
Your scars they remind me
All that you've been through
But you're still here smiling
I think you're so cool, yeah
I think you're

Once I get a few checks, checks, checks
You can run it up with me
Been feeling like I'm next, next, next
I know it's meant for me
I'll buy you a dress, necklace
anything you need
I'm not trynna flex, flex, flex
You're enough for me

If love's a game then I'm winning
Unfamiliar feeling
Usually I don't feel alright
Usually I don't feel alright

Once I get it then I spend it
My girl looking splendid
I see me in a big ol' Wraith
I see me in a big ol' Wraith

Ooh
I'll never ever let you go
Ooh
Do it all for you
And I'm deep in it, pussy felt so good
No one else, no one else

Ooh
I'll never ever let you go
Ooh
Do it all for you
And I'm deep in it, pussy felt so good
No one else, no one else

You lean on me when you're feeling alone and need some company

You call on me, lay on your lap, I sleep so comfortably
Skip class again, just talk all night, yeah you're the one for me
Skip class again, just talk all night

Freckles on your face
Your soft checks, they shining
Band-aids on your arm
Your scars they remind me
All that you've been through
But you're still here smiling
I think you're so cool, yeah
I think you're so cool, yeah

Freckles on your face
Your soft checks, they shining
Band-aids on your arm
Your scars they remind me
All that you've been through
But you're still here smiling
I think you're so cool, yeah
I think you're so cool
