

# MANIC MAN

Curtis Waters

I wanna  
I wanna  
Feel alive  
When you're screaming my name  
I wanna  
I wanna  
I wanna  
Feel alive  
When you're feeling my pain  
I wonder when I leave this earth  
When I leave the rat race  
When I'm lying in the dirt  
You'd remember my face  
Put me in the books  
Or hide me in my casket  
I don't wanna be alive  
If I'm in the last place

I feel I feel I feel it all  
So high so high I could never land  
I feel I feel I feel it all  
So low so low I don't understand  
I feel I feel I feel it all  
So high so high I could never land  
I feel I feel I feel it all  
So low so low I don't understand

I'm afraid Imma fall  
I'm afraid of the height  
I've been tossing  
I've been turning  
I ain't sleeping at night  
I get so fucking paralyzed  
When it's just me and my mind  
I've been carrying this burden  
With me all of my life  
Nah I ain't gonna die  
Nah I ain't gonna die  
My momma raised you a star  
So you gon' see how I shine  
Imma me bigger than Kanye  
Imma be bigger than Mike  
Bitch Imma live forever  
I'm the new Jesus Christ

I feel I feel I feel it all  
So high so high I could never land  
I feel I feel I feel it all  
So low so low I don't understand  
I feel I feel I feel it all  
So high so high I could never land  
I feel I feel I feel it all  
So low so low I don't understand
