(Honey, are you fucking kidding me?)

I hate the club, it fucking sucks
I like your clothes, please take em off
I'm off of shrooms, a lot of drugs
I had a long day and I'm tryna make it stop
Please don't build my head up just to make it fucking pop
No, I'm not your little boy, I don't do just what you want
I'm a certified badass, I do my own stunts
I'ma break all the rules, I'ma get what I want

Satisfaction, can't get enough
I'm an addict, a hedonistic slut
I'm an asshole, I'm obnoxious
I'm a problem no use in solving

Satisfaction, can't get enough
I'm an addict, a hedonistic slut
I'm an asshole, I'm obnoxious
I'm a problem no use in solving

Bitch, I'm a nympho, I can't fuck on occasion
We fucking in the morning, we fucking till the days end
I met her at my college, she suck me till I'm brainless
She ride me like I'm famous, I leave that pussy raining
I leave her soaking, I leave her soaking
I spread that bitch up in the air, I keep it open
She keep provoking, she keep provoking
She want me deep inside her throat till she choking

I hate the club, it fucking sucks
I like your clothes, please take em off
I'm off of shrooms, a lot of drugs
I had a long day and I'm tryna make it stop
Please don't build my head up just to make it fucking pop
